Memory Candles

Our History

OUR HISTORY

CANDLE ... since forever a symbol of lamps, light and warmth, the foundation of life and victory of good against evil. Today also a tribute, a symbol of memory and respect to our loved ones who are no longer with us. And our passion. Allow us to introduce ourselves.

Since 2006 our company, Ilkos, svečarstvo in trgovina d.o.o., successfully continues the 10-year tradition of a family company which started in 1995.

During this time, the company has established itself as the leading manufacturer and seller of candles on the domestic market.

With intensive development of new products and improvements of existing products; consideration the new trends, the company has quickly expanded also to foreign market and maintained its leading position on the domestic market. The company has always strived for quality, and we also work in accordance with the **ISO 9001:2015** and **ISO 14001:2015** quality standards, and we are responsibly aware and also consider environmental directives and ecological production. We build our future on continuous development that makes us enthusiastic and countless innovation possibilities that we offer our clients in accordance with their desires and needs.

SALES PROGRAM

Candles represent our main production program. We manufacture many candle types: memory candles, electronic candles, candles with motives, candles with liquid wax, garden candles and scented candles. We pay special attention to each group, and we are developing new combinations of shapes, colors and scents adapted to desires and needs of the customers. In our chandlery supported by our own development, we produce candles that are distinguished by constant quality, varied selection of shapes and a wide range of colors.

ELEGANCE

Elegance is our passion and mantra on our path to perfection.

QUALITY

Ilkos candles are a guarantee for long burn time and high-quality of materials.

SUSTAINABILITY

Ilkos is committed to protecting the planet and delivering a positive environmental legacy for future generations as we operate and grow our business.

Candlelight does not only light our home but also creates a unique mood and feelings. Its flame also has a religious meaning and contains symbolic of memory and respect. We can mourn, glorify, and celebrate with them. We are proud to be a part of this important life story. We look forward to your contact. We are certain that we shall find the best offer for you.

Memory Candles

MEMORY CANDLES

Memory candles represent our wide program of candle production that is marketed in Slovenia and other worldwide countries. Our offer includes memory candles of various sizes that burn from 20 to 360 hours depending on their size and shape. This program also offers mourning sets suitable to emphasize our condolences to those that are saying goodbye to their loved ones. We also produce ecological electronical candles with replaceable batteries for reuse. All our candles correspond to the responsible handling of waste grave candles and can be entirely recycled.

Liquid Wax **CANDLES**

LIQUID WAX CANDLES

The main advantage of our candles with liquid wax is their quality and long combustibility. The candle burns for 14 days and includes a possibility of an insert exchange. This reflects our responsibility to the environment. The inserts are large and available in various colors. It is also distinguished by nice shapes that upgrades its quality.
